USPA NEWS - Purchasing luxury real estate in one of the most magnificent places on earth is a transaction in which two parties, the seller and the buyer, play key roles. However, a huge responsibility falls on the shoulders of a third party, the companion, who takes care of making sure that the old and new homeowners are happy in the process and at the end of the transaction.

Purchasing luxury real estate in one of the most magnificent places on earth is a transaction in which two parties, the seller and the buyer, play key roles. However, a huge responsibility falls on the shoulders of a third party, the companion, who takes care of making sure that the old and new homeowners are happy in the process and at the end of the transaction.

The real estate agent should become not just a broker but also a mentor and sometimes a trusted friend who will consider all the needs of both parties and lead them to the desired results. Such mentors are the dedicated specialists of Luxury 778 Ltd, this year's winner of Luxury Lifestyle Awards in the category of The Best Luxury Real Estate Brokerage in Switzerland.

Real estate agency for ultra-high-net-worth individuals Luxury 778 Ltd was founded in 2012, but the idea of the company and the formation of the network arose long before that. The founders of the agency are father and son, Stefan and Daniel Ittig. Both came to this with a solid background in real estate under their belt. Stefan Ittig has over 40 years' experience in building and remodeling homes, and Daniel has worked in architectural offices for 14 years, most of which were related to high-end real estate.

Stefan supported his son's idea of starting their own company. They became business partners, managed to combine an innovative approach with an in-depth knowledge of the industry and offer distinguished clients from around the world a unique and comprehensive range of services for the sale of luxury real estate in the most attractive regions of Switzerland.

The productive cooperation between the members of the Luxury 778 Ltd team quickly began to yield results. Billionaires began to join the list of satisfied clients, and the company's portfolio always features luxury properties in the picturesque mountain and lake regions of Switzerland, which you won't find anywhere else. And if you need to sell or buy a luxury property in an exclusive area of Switzerland, you can also appreciate the benefits of working with Luxury 778 Ltd right now.

As a seller, you will have the assurance of your home's safety, as Luxury 778 Ltd thoroughly checks each potential buyer by a rigorous qualification process before viewing the house. Therefore, only those few people who will be really interested in buying your property, and not the crowds of people who just want to look or even have more malicious intentions, will get into your home.

If you are the buyer, the experts at Luxury 778 Ltd will get to know your wishes for your new home and use all their resources to make your dream of the perfect home a reality. With a minimum of time and effort, you will find what you are looking for. On average, clients of Luxury 778 Ltd find their dream home in 1-3 viewings.

Given these factors, the company's impeccable reputation among clients and industry professionals is recognised. As connoisseurs of services of the highest quality, the Luxury Lifestyle Awards experts have carefully studied the activities of Luxury 778 Ltd and appreciated the agency's achievements.

With a passion for luxury, the team at Luxury 778 Ltd surrounds each client with care and attention not only while looking for a home. The new homeowners can count on assistance in getting to know the new place of residence, its surroundings, advice on all questions related to the property, as well as in matters of repairs and construction works.
